Professional Summary

Full-stack app developer and Computer Science graduate (BSc, Bahir Dar University, 2022–2026). I build complete applications – from user interfaces to back-end logic, APIs, and deployment. I am also an experienced, multitasking computer administrator with strong skills in technical training, hardware and networking, cybersecurity, and keeping systems running smoothly. I care about clean, reliable software and practical digital products.

Work Experience

Trainer – Dejen TVET College
